

# **BEATING ROSACEA: Vascular, Ocular & Acne Forms**

By Geoffrey Nase, PhD

## ***TABLE OF CONTENTS***

Note: The complete e-book can be found at <http://www.drnase.com>

### **INTRODUCTION**

Twenty-four hours in the life of a rosacea sufferer .....	1
From mild to severe rosacea - the progression of my symptoms.....	4
The medical research that helped me treat my rosacea .....	9
The clearance of my symptoms .....	10
My personal experience with rosacea sufferers .....	10
Quotes from rosacea sufferers .....	11
My experience with past health ailment - comparison to rosacea .....	19
My professional background .....	22
My curriculum vitae.....	22
The goals of this book .....	25
How to use this book.....	26

### **BOOK #1: DETAILED INFORMATION ON ROSACEA CAUSES AND TREATMENT**

#### **GENERAL INFORMATION ON FACIAL ROSACEA**

<b>Chapter 1: Confusion and hopelessness .....</b>	<b>28</b>
Introduction .....	28
General confusion over rosacea .....	28
Confusion over rosacea treatment .....	29
Hopelessness for the rosacea sufferer.....	32
Summary .....	34
Weeding through the confusion and uncovering hope.....	35
References .....	35
<b>Chapter 2: Rosacea is a disorder of the facial blood vessels.....</b>	<b>37</b>
Introduction .....	37
Normal blood vessels.....	37
Rosacea blood vessels.....	38
What is unique about rosacea blood vessels? .....	39
References .....	40
<b>Chapter 3: The stages of rosacea - progressive changes in facial blood vessels....</b>	<b>41</b>
Introduction .....	41
Pre-rosacea .....	41

Mild rosacea.....	41
Moderate rosacea .....	42
Severe rosacea.....	42
References.....	43
<b>Chapter 4: Facial flushing is the first symptom and primary cause of rosacea.....</b>	<b>44</b>
Introduction.....	44
Facial flushing is the first and universal symptom of rosacea .....	44
Facial flushing gets worse over time .....	45
Why does facial flushing get worse over time?.....	46
Why is flushing localized to the face? .....	47
References.....	48
<b>Chapter 5: Triggers for facial flushing and rosacea progression .....</b>	<b>51</b>
Extremely Important Triggers .....	51
Nerves .....	51
Skin irritation.....	60
Moderately Important Triggers.....	78
Sun .....	78
Environment - heat, cold and wind.....	81
Topical steroids.....	83
Immune system.....	87
Free radicals.....	89
Stress - neural and hormonal.....	90
Menopause.....	92
Oral dilators - foods, beverages, medications and supplements .....	93
Exercise.....	96
Minimally Important Triggers.....	97
Other disease .....	97
Collagen breakdown in the facial skin .....	100
Gastrointestinal tract disorder .....	101
H. Pylori of the stomach .....	103
Triggers That Are Not Important.....	104
Facial demodex mites .....	104
Facial bacteria .....	104
Facial yeast.....	105
Skin or systemic infection.....	106
Sebaceous gland, skin lipid or hair follicle disorders .....	106
Bad facial hygiene .....	107
Bad blood .....	107
Liver disorder .....	108
Psychological disturbances .....	108
References.....	109

<b>Chapter 6: Side effect of facial flushing and abnormal blood vessels.....</b>	<b>118</b>
Introduction .....	118
Papules and pustules .....	118
Swelling.....	119
Burning.....	120
Rhinophyma.....	122
Alterations in skin barrier function and structure .....	123
References .....	123
<b>Chapter 7: Recipe for rosacea .....</b>	<b>126</b>
Introduction .....	126
Rosacea is usually caused by several factors .....	127
Most common combinations of triggers for rosacea development .....	127
As rosacea progresses, triggers pile on.....	127
References .....	128
<b>Chapter 8: Effect of depression and anxiety on rosacea .....</b>	<b>129</b>
Introduction .....	129
Rosacea and depression .....	129
Rosacea and anxiety.....	132
Effect of depression and anxiety on rosacea symptoms .....	133
References .....	134
<b>Chapter 9: Common misconceptions that general physicians have about rosacea .</b>	<b>136</b>
Rosacea is a disorder of skin microorganisms and sebaceous glands.....	136
Most rosacea sufferers are in the mild stages of the disease .....	136
Rosacea does not affect people until they are in their 40's or 50's .....	137
Rosacea is a trivial cosmetic disease .....	137
General physicians understand what rosacea sufferers go through on a daily basis	138
Most rosacea sufferers just have one or two triggers for flushing.....	139
References .....	142

## **TREATMENT INFORMATION ON FACIAL ROSACEA**

<b>Chapter 10: Rosacea treatment by therapy type.....</b>	<b>144</b>
Warning.....	145
Oral therapy (prescription).....	145
Topical therapy (prescription).....	157
Laser therapy .....	162
Skincare therapy .....	177
Nutritional & herbal therapy .....	187
Surgical therapy.....	195
Preventive therapy .....	198
Worthless therapy .....	198
Dangerous therapy.....	199
References .....	199

<b>Chapter 11: Rosacea treatment by symptom</b> .....	<b>209</b>
Introduction .....	209
Facial flushing .....	210
Facial redness .....	214
Facial papules and pustules .....	214
Facial burning .....	215
Facial swelling .....	216
Rhinophyma .....	217
Steroid-induced rosacea .....	218
Rosacea fulminans .....	220
Rosacea and extensive sun damage .....	220
Rosacea and perioral dermatitis .....	220
Rosacea and acne .....	221
Rosacea and seborrheic dermatitis .....	221
Rosacea and depression/anxiety .....	222
References .....	224
<b>Chapter 12: Just around the corner - flushing therapy with topical nitric oxide blockers &amp; nerve inhibitors</b> .....	<b>227</b>
Introduction .....	227
Topical nitric oxide blockers .....	227
Nerve inhibitors .....	232
References .....	235
<b>Chapter 13: Common misconceptions that general physicians have about rosacea treatment</b> .....	<b>239</b>
Most rosacea sufferers are well-controlled by standard treatment regimens .....	239
Topical 1% hydrocortisone is safe to use for extended periods of time .....	240

Rosacea sufferers should fight through treatment-induced irritation because their skin and blood vessels will adapt .....	241
References .....	241

**GENERAL INFORMATION ON OCULAR ROSACEA**

<b>Chapter 14: General information on ocular rosacea</b> .....	<b>243</b>
Introduction .....	243
The basics of the eye .....	243
Primary cause of ocular rosacea .....	244
Secondary causes of ocular rosacea .....	244
Aggravating factors in ocular rosacea .....	246
Ocular rosacea terminology .....	246
References .....	246

**TREATMENT INFORMATION ON OCULAR ROSACEA**

**Chapter 15: Treatment information on ocular rosacea** ..... 248

- Introduction..... 249
- Topical therapy (non-prescription) ..... 249
- Topical therapy (prescription) ..... 253
- Oral therapy (prescription) ..... 257
- Nutritional therapy ..... 259
- Laser therapy..... 260
- Surgical therapy ..... 260
- Miscellaneous therapies ..... 262
- References..... 263

**BOOK #2:  
BASIC INFORMATION ON ROSACEA CAUSES AND TREATMENT**

**GENERAL INFORMATION ON FACIAL ROSACEA**

**Chapter 16: General information on rosacea** ..... 267

- Introduction..... 267
- The four stages of rosacea ..... 267
- The nine major symptoms of rosacea ..... 268
- Facial flushing is the heart of rosacea..... 268
- Facial flushing leads to blood vessel changes and rosacea progression..... 269
- The nine main triggers for facial flushing and rosacea progression ..... 269
- Rosacea is caused by a combination of factors ..... 272
- Common misconceptions about rosacea - things that do not play a role in rosacea . 272

**TREATMENT INFORMATION ON FACIAL ROSACEA**

**Chapter 17: Treatment information on rosacea** ..... 273

- Introduction..... 274
- Step 1 - Start with the basics ..... 274
- Step 2 - Find a qualified physician ..... 275
- Step 3 - Eliminate important flushing disorders and triggers ..... 276
- Step 4 - Basic rosacea therapy ..... 276
- Step 5 - Advanced rosacea therapy ..... 284

## **GENERAL INFORMATION ON OCULAR ROSACEA**

<b>Chapter 18: General information on ocular rosacea.....</b>	<b>288</b>
Introduction.....	288
The basics of the eye .....	288
Primary cause of ocular rosacea .....	289
Secondary causes of ocular rosacea.....	289
Aggravating factors in ocular rosacea.....	290

## **TREATMENT INFORMATION ON OCULAR ROSACEA**

<b>Chapter 19: Treatment information on ocular rosacea.....</b>	<b>291</b>
Step 1 - Find a qualified physician .....	292
Step 2 - Basic ocular therapy.....	292
Step 3 - Advanced ocular therapy.....	295

## **MY FUTURE PLANS**

<b>Chapter 20: My future plans for rosacea research and publications.....</b>	<b>299</b>
My personal goals and objectives .....	299
Increase rosacea awareness .....	299
Clear up misconceptions and erroneous theories that surround rosacea .....	299
Publish journal articles and medical textbook chapters on rosacea .....	299
Recruit skin flushing experts .....	300
Help organize laser treatment protocols for better clearance of facial flushing .....	300
Help stimulate new rosacea research .....	300
Develop the most comprehensive internet web site on rosacea .....	301
Start publication of a quarterly report: "Updates in rosacea research and treatment" .....	301
Concluding remarks .....	302
My mission statement.....	302
